The best way to follow the Congress!
WELCOME LETTER

Dear Colleagues, Dear Friends,

On behalf of the Local Organizing Committee, we are very proud to host the 13th Congress of the European Union Geriatric Medicine Society (EUGMS).

The congress will take place on September 20-22, 2017, in Nice, France.

The congress venue is located in the heart of the city of Nice, one of the nicest cities of the French Riviera, named “Nice the beautiful”.

This year, the theme: “Developing Preventive actions in Geriatric” will bring together geriatricians, scientists, public health experts and policy-makers.

Over more than 70 sessions, the congress will provide a unique opportunity to meet the leaders worldwide and to share innovative ideas on prevention.

It’s our goal and our duty to move from innovative ideas to actions, from actions to changes and from changes to results. We will succeed together to delay the onset of age-related disease, to delay the loss of autonomy, and to optimize care for the elderly.

We are pleased to welcome you in this 13th EUGMS Congress

Yours sincerely,

Sandrine Andrieu, MD, PhD
President of the French Society of Geriatrics and Gerontology

CLOSING CEREMONY
HIGHLIGHTS OF THE EUGMS 2017 CONGRESS
Jean Baptiste Beuscart (France), Dhayana Dallmeier (Germany), Miguel Toscano (Portugal)
Poster presentations are an important aspect of the EUGMS Congress programme. Each day Posters will be displayed in the Poster Area, located on Level 2.

The audience will circulate among the posters, which are grouped together thematically. The Organizing Secretariat will provide the equipment to post them up. Poster boards are numbered. You will find the number of your poster board in the programme. The numbers on the poster boards correspond to the abstract numbers in the abstract supplement of the European Geriatric Medicine (EGM) Journal. Presenters should be present at their poster during the assigned poster session. The material can be attached to the poster panel with pins supplied by the organisation. For assistance please check with the poster desk.

**POSTER SESSION 1: Thursday, September 21, h. 12.00/13.30**
Poster from P-001 to P-355
Poster mounting: Thursday, September 21, from 08.00 to 10.00
Poster removal: Thursday, September 21, before 18.00

**POSTER SESSION 2: Friday, September 22, h. 12.00/13.30**
Poster from P-356 to P-717
Poster mounting: Friday, September 22, from 08.00 to 10.00
Poster removal: Friday, September 22, before 18.00

The poster area is open to all participants during the entire congress.

**SHORT ORAL COMMUNICATIONS**
Several Poster Abstracts have been selected for a short 6-minutes oral communications (3 minutes presentations, 3 minutes discussion). The selected Posters are marked with a * in the Programme.

Each day, on September 21 and 22, 25 short oral presentations will be held in the the Poster Area from 12.00 to 13.30.

**SHORT ORAL COMMUNICATIONS SESSION 1**
Thursday, September 21, h. 12.00/13.30

**SHORT ORAL COMMUNICATIONS SESSION 2**

SCIENTIFIC INFORMATION

EACCME ACCREDITATION

The 13th Congress of the EUGMS has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) for a maximum of 13 European CME credits (ECMECs).

Each medical specialist should claim only those credits that he/she actually spent in the educational activity.

The EACCME® is an institution of the European Union of Medical Specialists (UEMS), www.uems.net.

Through an agreement between the European Union of Medical Specialists and the American Medical Association, physicians may convert EACCME® credits to an equivalent number of AMA PRA Category 1 Credits™. Information on the process to convert EACCME® credits to AMA credits can be found at www.ama-assn.org/go/internationalcmec.

Live educational activities occurring outside of Canada, recognised by the UEMS-EACCME® for ECMEC® credits are deemed to be Accredited Group Learning Activities (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.

CHAIRPERSONS AND SPEAKERS GUIDELINES

Speaker’s Ready Room is located in Room Gallieni 4, near the Exhibit Area.

Chairpersons and Speakers should be in their session room 10 minutes prior to the beginning of the session.

All speakers are requested to keep strictly to their allocated time.

Chairpersons should make every effort to avoid delays in the schedule.

However, if a speaker does not show up, Chairpersons should wait until the published time for the next speaker.

- MORNING SESSIONS: please proceed to the Speaker’s Ready Room the day before
- AFTERNOON SESSIONS: please proceed to the Speaker’s Ready Room in the morning

WE RECOMMEND TO PROCEED TO THE SPEAKER’S READY ROOM AT LEAST 2 HOURS PRIOR TO YOUR PRESENTATION.
**SCIENTIFIC INFORMATION**

**AUDIOVISUALS**

Each room will be equipped with personal computers for the video presentation. The slides should be prepared in Windows PowerPoint – not Macintosh / Apple. The presentations should be delivered on pendrive or CD-Rom. The presentations must be delivered by the speakers at least 3 hours before the afternoon session or the day before (not later than 6 p.m.) in the case of the morning sessions. Speaker Ready Room staff will assist the speaker for any problem concerning her/his presentation.

**POWERPOINT PRESENTATION INSTRUCTIONS**

The version used at the Congress is Microsoft PowerPoint 2013 for Windows. Any file (film, video or image) should be saved in the same data folder as the PowerPoint presentation.

If non-standard fonts are used (not included in the operating system – Windows 7 or sup., Office 2013 or sup.), please bring with you the files for their installation together with the presentation and hand them into the slide center, informing the technicians in due time (at least 3 hours prior your session).

If any video is included in the presentation, please make sure they are in the following formats: .avi, .wmv, .mpeg.

We suggest .avi format for your videos, compressing it with the following codecs: DivX, Xvid.

**ORAL PRESENTATIONS**

Each Speaker will be allowed 8 minutes for the presentation followed by 3 minutes for discussion.

**SHORT ORAL PRESENTATIONS**

Several Poster Abstracts have been selected for a short 6-minutes oral communications (3 minutes presentations, 3 minutes discussion). The selected Posters are marked with a * in the Programme.

Each day, on September 21 and 22, 25 short oral presentations will be held in the the Poster Area from 12.00 to 13.30.

About 1 in 9 adults ≥ 65 diagnosed with pertussis are hospitalised

The course of pertussis in adults is frequently atypical, causing difficulty in diagnosis.

Reasons why ≥65 may be more susceptible to pertussis include:
- underlying medical conditions
- weakened immune system
- multiple medication use
- living in close proximity in care facilities

Pertussis can lead to worsening of asthma symptoms and acute exacerbations of COPD.

Older adults vaccination against pertussis is recommended in several countries worldwide including United States, Germany, Austria and Australia.

Note: CDC recommendations for pertussis vaccination among adults are based on an age of 65 and older. However, vaccination may be considered for adults of any age who have frequent contact with young children or who have a severe underlying medical condition.
