Welcome!!!

NICE, September 20, 2017
Congress Participants coming from:

- Europe 937
- Russian Federation and Middle East 7
- Asia/Oceania 79
- North America 19
- South and Central America 5
- Africa 1

48 countries, over 1,300 attendees
EUGMS Nice Congress data:

- Abstracts received **885**
  - 765 Posters
  - 120 Oral Communications
- Lectures and Symposia Presentations **160**
Thanks to EUGMS Nice Congress Sponsors:
Change on article 1 of By-Laws

EUGMS
EUropean Geriatric Medicine Society

Align with the WHO definition of Europe
New positions in the Executive Board

Athanase Benetos – President Elect

Jean Petermans – Treasurer

Mirko Petrovic – Academic Director
Main priorities for the coming years:

*Giving a voice to geriatrics in Europe*
Current EUGMS SIGs and T&FGs

_special Interest Group_
Comprehensive Geriatric Assessment
Education & Training
Emergency Geriatric Medicine
Frailty in older persons
Gerontotechnology
Long Term Care
Palliative Care
Pharmacology
Sarcopenia
The Falls and Fractures
Vaccines and Infectious diseases
Valvular Heart Disease in Elderly

_Task & Finish Groups_
Diabetes
Gerodontology
Total Nutrition Therapy GERI
Urinary Incontinence
Special Interest Groups and Task & Finish Groups

Let’s work together!
Contribute to existing groups!
Young geriatricians most welcome!

Let’s get in touch for your proposals!
Main priorities for the coming years:

Giving a voice to geriatrics in Europe
EUGMS is partner in ongoing European research projects and proposals.

EUGMS stands for successful and sustainable dissemination of research results to relevant target groups.

Let’s get in touch for your proposals!
CORE ACTIVITIES OF MPI-AGE

A. Use of predictive rules in clinical and management decision making in community-dwelling older people.
   - MPI in community dwelling older healthy people

EUGMS is proud to invite its Members to the EUGMS COMMUNITY. For the first time, in EUGMS Annual Meeting in Berlin 2018 we will host a new special area dedicated to the EUGMS COMMUNITY where each Member Country will have the opportunity to present its National Society and its professional advancements and innovations in geriatric medicine. The EUGMS COMMUNITY has been inspired to enhance the contribution and achievements of each single Member so as to foster mutual collaboration and actively support new working groups and task forces. Each Member of EUGMS, big and small, established and new, is called to play an active part in the Community and is invited to use dedicated space in the EUGMS COMMUNITY Area in Berlin 2018.
